THE TRADE TYCOONS

BASIC RULES

There will be -

- 20 teams of 2 each.
- 5 rounds
- 3 items to start with
- 10 minutes per round.
- Add 1 item in each round
- Create offer for other teams or, for an open market which is visible to all the teams.
- No limit on trade but min 10 is compulsory to prevent depreciation
- Admin panel gives you 4 options on completion of a chest; add new item to your inventory, add value to your items, combine 2 items for 1 bigger item
- Approach the admin panel when the chest is completed.
- •notification keeps you in touch with the current progress of your offer.

1. Benefits of trade

- Items on trading receive a fixed amount of top-up on trading. Look at the grid to find the top-up figures.
- Trade counter: 11-15 times gives 15 points,15-20 or more gives you 20 points and 20+ gives you 25 points on every item of your inventory.

• 5 or more chests completion in a round gives you same options as on completion of a chest. (value addition to product @10 points)

2. SOME VERY IMPORTANT RULES

- Maximum of 5 items allowed in inventory.
- Maximum of 5 items can be traded at any time.
- Violation of any of the above rule gives you an error message.
- Any type of malpractice, rowdy behavior, tampering with the software will lead to your disqualification.
- Wait for the approval of your previous offer by the admin before creating another offer.
- Please cooperate with the team.

GOOD LUCK!!
